Challenge #1: Goal

Goals:

- Ensure that the website is accessible to users of all abilities and backgrounds.
- Create a responsive multi-page website using HTML and CSS.
- Provide a platform for effective delivery of educational content and resources.
- Establish a website intended to boost the tourism industry of the Philippines.

Plan:

- Start by learning HTML and CSS on w3schools.
- Plan a website project to be made based on my learnings in w3schools.
- Apply all my learnings on the planned website project.
- Ensure that the website will be successfully made before the set deadline.
